Are coming to The Mahoning Dispatch job printing department. And there are reasons, among them being satisfactory work, prompt service and reasonable prices. Let The Dispatch have an opportunity to execute your next order for printed matter.

\$1.00 A YEAR

WASHINGTONVILLE

Bright, Breezy Paragraphs Telling The Happenings in the Village on Mahoning's Southern Border.

By Peter M. Herold

Did you get that Valentine? The Lisbon ball park is for sale. The groundhog is giving us fairly good weather.

A religious census of Youngstown is to be taken in March.

The high prices for farm stuff will make big farming next year.

A fine baby girl came last week to Mr. and Mrs. Alex Schettine.

A bill has passed the Ohio senate abolishing the office of township treasurer.

W. H. Tope of Carroll county shipped a fancy O. I. C. hog to Salem last Thursday.

Say, we all miss Pete's familiar face upon our streets. He should return home.

Alex Cassidy, formerly of Washingtonville, is now located near Atwood, south of Delroy.

The few open days the past week got farmers thinking of hauling barnyard manure and buying plow points.

The County School Column is one of the interesting features of the Dispatch, and cannot help being entertaining to all concerned.

It appears that the Cleveland evangelist cannot get all the Cleveland ministers to agree with him as to the exact temperature and duration of the sweet tie and bye.

The lawsuit of The Bartlett Bros. Co. of Cleveland, against the board of education of Washingtonville, is set for trial at Lisbon this week. It grows out of the heaters for our new school building.

School building has come to be a fad in many localities. Minerva will vote on a \$65,000 bond issue for a new high school building on the 24th of this month. The average voter is always willing to vote money out of the taxpayers' jeans.

The Pittsburgh Christian Advocate of Feb. 4 has this to record of a former pastor of the Washingtonville charge: "J. E. Russell, pastor at Beach City, had the misfortune to fall and break his right leg. He is doing as well as could be expected."

Home Dunn of Millville, well known here, recently injured while in the employ of the Silver Mfg. Co., Salem, has been awarded \$106.50 by the state industrial commission under the provisions of the Ohio workmen's compensation law.

Columbiana county owes Stark county \$2,588.55 for boarding work house prisoners, and Stark owes Columbiana \$2,200 for the costs in a change of venue on the Canton state bank brought from Canton to Lisbon for trial in October, 1913.

The Washingtonville R. D. Gleannings on page 2 of last week's Mahoning Dispatch were well written, full of news and items that interest. It is to be hoped that the writer will continue his good work. The other correspondents were also well represented. The Island letter, the news from Millville and Greenford are likewise interesting to Washingtonville readers.

The Carrollton Rubber Co. received an order last week from Amsterdam, Holland, for six gross of hospital ice caps. While the order is from a neutral country, it is supposed that it will find its way to the war zone. An order was also received from Brazil, South America, and will be delayed in filling until a Portuguese translator can be found.

Assistant City Engineer Carl Baisert is now busy in the drafting of plans and specifications for the concrete cover which is to be placed over the square water basin at the pumping station on West Main street, Salem, as soon as warm weather arrives. Funds are already in hand for this work, which will cost about \$3,000, and bids are to be let, in all probability, during the month of April.

Sallineville is experiencing some such a scare as was realized in East Liverpool and Chester, W. Va., several months ago by the appearance of a so-called "Mysterious Woman in Black." It is said that during the past few days some mysterious person has been seen walking in the vicinity of the pottery and in the 23d Ward, in the village, and those who are telling the story state that she is a woman in black. She has only appeared late at night or during the early morning hours when the Sallineville streets are deserted.

While at work at a sawmill on the farm of his brother-in-law, Henry Brubaker, near Leetonia last week, Thursday forenoon, Homer Heintzelman, aged 30 of Washingtonville, was seriously hurt when his coat was caught on the rapidly revolving circular saw and he was raven against the teeth.

Chief hurt was to his right arm, which was badly cut and torn just below the elbow, the ragged wound bleeding profusely. A physician was summoned, and after rendering first aid took the injured man to the Salem city hospital for treatment. There it was found that the bones of the forearm had not been injured and that the member will not have to be amputated, as was at first feared.

Leetonia people are rather disappointed not to secure free delivery of mail without delay. Much preliminary work, such as improving streets, numbering houses, etc., has been done, but an inspector who visited the town last week said he would withhold his decision about granting free delivery until next July. This means that at best the village will not secure free mail delivery before late next fall.

Two Louisville youth, after hearing their teacher explain about the wonderful works of Thomas A. Edison, set to work to make some electrical experiments at their home. That night they attached some kind of a device to an electric light socket in their home. There was a flash, an explosion and nearly all the fuses in the house were burned out. Further electrical experiments by the boys will be deferred for some time.

WHAT WE SHOULD THINK ABOUT.

Did you ever think, when a hearse goes by, That it won't be long till you and I Take a ride, in a black plumed hack, To never, no never again, come back?

Did you ever think, in your greed for gold, That a dead man's hand can't a dollar hold? You struggle, you work, you strive, and you save, But you leave it all, when you go to the grave.

Did you ever think, 'tis better to give a bouquet To some dear loving friend, while he lives today, Than give bushels of roses, both white and red, To be placed on his casket, when he is dead?

Did you ever think, what wonderful wealth One has who possesses the fortune of health, And how cheerful and glad, without grumble or shirk, Is one who is always engaged in some useful work?

Did you ever think, the burdens good workers must bear, Will not for a moment begin to compare, With the load of misery, which those must endure, Who are wantonly idle, corrupt, and impure?

Did you ever think, if you're truly good, You'll never be long 'thout clothes, shelter and food? And your faith, in the truth, will never be shaken If you believe the righteous will not be forsaken.
